Our web site is accessed by some 220 Maine municipal assessors on a frequent basis. These assessors are always in the market for consultants, revaluation firms, mapping companies, software vendors, equipment providers, and the like.

For just \$150 per year, your firm can have a meaningful presence on the MAAO web page. The subscription runs from September 1 to August 31 each year and can be pro-rated to as little as six months to start (\$75).

On our main page will be a special graphic directing viewers to a Vendor's Page. Our advertisers' logos / business cards will appear on that Vendor's Page in a categorized format, so that assessors can find these resources easily.
